SHOWN: 10-1255
DESCRIPTION

DROM CAB RACK DROM standard cab rack with ribbed diamond plate panel welded into a tri-tube frame, 26"H gussets and a diamond plate cargo deck rated at 1,000 lb/ft. The side rail inside flange take flat hook straps.

KEY POINTS CAB RACK DROMS

- Panels are 5052 marine grade aluminum and resistant to corrosion, especially salt-water atmosphere
- Enclosure mounted with continuous welds to 6061 aluminum alloy triangular-tube frame
- Welds are hand-cleaned and polished; structure is welded to deck
- DROM enclosure legs are I-beam extrusions of 6061 aluminum
- Stainless steel T-locks with keyed latches
- Neoprene, automotive bulb seals on compartment openings keep weather out

DROM CONFIGURATIONS

DROM decks are diamond plate and range from 30 inches to 8 feet; all decks have side gussets. Measurements are from the forward part of uprights to the rear of the deck. Custom sizes, as well as configured options, are available.

The Standard DROM cab rack configuration is a ribbed diamond plate panel welded into a tri-tube frame 68"H in widths of 86" and 96". For conventional-model power units without a sleeper, it is 68"H x 96"W.

DROM ENCLOSURE

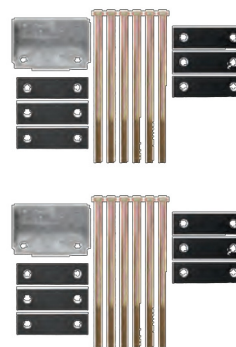

Three-door compartment configuration provides 50 cubic feet of storage within the 68"H x 14"D x 96"W enclosure (10-2000) and 37 cubic feet within the 68"H x 14"D x 86"W enclosure (10-2010). Chain hangers are included in each outside compartment. The enclosure is available on any DROM assembly.

OPTIONS

- Window assemblies in louvered, Amplimesh and bar-style configurations, as well as placement, are available as a configured option and fully custom.
- DROM enclosure options included installed shelves (left, right or center positions), chain hangers and frame mount aluminum steps.

Check the ProTech product price book for the complete list of optional items offered. When placing your order, simply take the base DROM and then add the option part number and indicate "installed."

MOUNTING KITS

Designed specifically for mounting ProTech DROM assemblies, the mounting kits are available in flat bar and J-hook styles. For DROMs up to 4 feet long use 10-9501 (flat bar) or 10-9507 (J-hook); for DROMs 4.5 feet or longer use mounting kit 10-9601 (flat bar) or 10-9607 (J-hook).

NOTE: The correct ProTech mounting kit must be used and the mounting instructions must be followed to meet the DROM load rating.
