

PROTECH IN FRAME BOXES

ProTech Aluminum In Frame Boxes are fully sealed and rest on the frame top behind your truck’s cab. They include mounting clips and bolts for frame mounting. Available in three heights, with or without a drive line notch and either diamond plate or polished aluminum lid. If these options aren’t what you need, we’ll make it. Any size. Any material. Any style.

KEY POINTS

- Continuous seam MIG welds on stress panels, such as the box floor
- Full-length stainless steel piano hinges on doors and lids
- Toolboxes can be ordered with combinations of materials and finishes:
 - Stainless Steel
 - Polished Aluminum
 - Diamond Plate Aluminum
 - Mill Finished Aluminum
 - Gloss Black, Gloss White and Matte Textured Black
 - Powder Coat
- Replacement parts are available

SHOWN: 20-2647
