

## PROTECH GROOVE™ DRAWER MODULES

ProTech's Aluminum GROOVE drawer module permits drawer heights as low as 2" that still have plenty of knuckle clearance for effortless drawer opening. With our design, the handle stays put and the trigger release does the work. Making ease of use your new standard.

### FEATURES:

5052 aluminum, with metal thickness determined by module sizing

Welded corners for stability

Drawer latches are high-wear zinc alloy, with a hardened steel latch pin for positive latching, durability and reliability

Slides use wear-resistant, hardened-steel balls riding in steel channels and stable

100-percent drawer extension — even at the 250-pound full rated load.

Drawer handles have slots for labeling and are recessed flush with the cabinet housing to eliminate snagging clothes or equipment

Partitions and liners are available

### DRAWER SPECIFICATION RANGES:

— Heights: 2-inches to 7-inches

— Widths: up to 48-inches

— Depths: up to 28-inches
