

## PROTECH ALUMINUM PICKUP CAB RACKS

Designed for work. Built to last. Our racks fit flush with the truck box and utilize a proprietary heptagonal formed tube. With no bends, our aluminum rack delivers the equivalent deflection strength of steel with significant weight savings and durability. That alone eliminates a lot of headaches.

Available unpainted, Gloss Black, Gloss White or Matte Textured Black. Racks can be configured with a mesh or louvered insert. Or with no insert at all. Legs are available in 24", 32", 36" or full bed lengths.

If that's not what you need, we'll make it. Any size. Any style.

**SHOWN: 57-6440-24**

---

### MESH CAB RACK

Aluminum cab rack with diamond plate panel; mill finished aluminum 24" feet; mesh insert; heptagonal aluminum tube frame.
